As we all know (because it is a known fact)... The easiest, most profitable product to sell by mail order is Business Reports and Books. That is, Informational products.

The total number of books sold by small, part-time mail order entrepreneurs is growing each year. Total sales each year for the past five years have increased by almost 30 percent over the previous year's sales.

The great thing about selling an information product, such as those in this program, is that most of the work has been done for you. All the research, writing, printing... Everything! It has all been refined to the point that all you have to do is promote the product.

Enclosed or attached is a copy of the excellent promotional flyer written to do the job for you. Your name goes on it in the order form as Authorized Dealer... All orders come directly to you first. You deduct your commission of a HUGE 75% - that is \$15 on each \$20.00 order you receive. You then forward the order to the prime source and it will be filled for you, for the remaining 25% (\$5) - not a bad addition to your home-based mail order business.

Riches beyond your wildest dreams, via mail order, are entirely possible and waiting for you - provided you have your "finger on the pulse" of the market, and a business plan that will enable you to attain total success. Your business plan and materials, are already set up for you, ready to earn you money..

Mail order selling appeals to almost everybody with a desire to get rich. Generally, it doesn't require complicated equipment, a lot of start-up capital, or an expensive office. Mail order is a kind of business that can be run by anyone from the comfort of his or her own home. Add informational products such as "101 Money Making Secrets", with the free bonus "99 Ways To Increase Mail Order Profits" to your home-based business - and watch your profits grow. You be so glad you did.

The best, and the easiest selling product or service - because it has the greatest appeal to the most number of people - is information that gives people knowledge or instructions that will enable them to get rich. The bottom line is simply that everybody in the world wants to know how they can get rich - without putting forth too much of an investment in either money, time or effort. If you have an established mail order marketing company, are a new-comer. Or are in the planning stages of starting your own... You will NOT find a better, easier or more profitable product.

The very first thing to know, and never to forget, is the fact it takes knowledge to build a successful business. Besides time, it also takes business acumen or know-how. This is where most people fall down. They just don't have the proper know-how to start and run a successful business. And this is "the secret mail order product" that you can sell and become rich from selling. Everybody wants to become rich - most people have some sort of vehicle - but they're lacking the "inside secrets" to make these plans work profitably, and as a result, they will stand in line to buy this information from you.

Please read the following information on the actual flyer you will be using (with your name and address as dealer) ...a copy follows this letter.. You will so glad you did!! Thank You!!

Yours for Mail Order Success,

John Kirkman

HOW TO GET PEOPLE TO SEND THEIR MONEY TO YOU . . .

For a limited time only we are going to give away dealership rights to this valuable book!

We're talking about people sending money to you every-day. Just as sure as the sun comes up, your mailbox can be filled with cold hard cash. Call it cabbage, lettuce, moolah.

Call it anything you want. It's yours . . . It's cash! It's spendable! **It can get you the things you want and need!** Luxuries, necessities, charities, it's uses are endless, and you can get a continuous supply.

You may be currently making a few extra bucks with your own mail order business. I'm sure it's a thrill every time you open an envelope with cash inside. It can be an even greater thrill to **open 50, 100, 200 or more envelopes everyday**, loaded with good old American greenbacks.

Our brand new book "**101 Money Making Secrets**" can be one of the most profitable things you will ever receive. Find out the secrets. Learn from them and get ready for a cash explosion. Your neighbors may think you won the lottery.

Finally, it's **your turn** to be first for a change. The book is **brand new**. It can help you in two ways. First you can **benefit from the information contained within the book**. It could be worth thousands of dollars to you. We'll also include with your order, this free bonus: "**99 Ways To Increase Mail Order Profits**". The bonus alone is worth ten times the cost of the book.

Here's the second point. And it's extremely important. **For a limited time only we are going to give away dealership rights to this valuable book**. You could make so much money with this, you'll think it's raining \$20.00 bills from the sky. But, you'd better hurry because we are only going to accept a **limited number** of dealers. Once our quota is met, we will no

longer accept any more new dealers. Dealers make an **incredible 75 percent profit**, that's a whopping \$15.00 per book clear profit. My wife and my associates think I'm crazy. They think I should just sell the book myself for at least two or three years before I give away dealership rights. But I'm not greedy. I'm already making a very comfortable living just applying many of the principles taught in the book. I know what it's like to go to the mailbox every day, hoping that this is the day I start receiving a lot of cash. I know what it feels like to be disappointed when nothing comes in. I also know what it feels like to go to the post office and have so much mail they give you a big container to put it in. I know what it feels like to spend a couple of hours doing nothing but opening envelopes filled with orders and checks.

Now, it could be your turn to start doing the very same thing. You can make enough money to pay off a few bills. Ninety days from now you could be knocking down \$500 to \$1,000 a week. It's not impossible. I don't know how well you will do. I do know this is a 500 billion dollar a year business. I do know that **92 million Americans may want to buy this book**. The marketplace is wide open. The book is brand new. The opportunity for you to begin making money is right here before your eyes. You're looking at it. You can do one of two things. You can keep wishing and grow older. You can order the book and take control of your financial destiny. You'll still grow old, but you may very well build a sizable retirement income in the process.

I must warn you that we may possibly withdraw our offer for marketing rights, once our quota of new dealers is met. If you want to jump on the bandwagon, you must act right away. I urge you to place your order today. **By this time next year you could be the success story everyone's reading about.**
